

NILCO OVEN CLEANER

For fast, simple and effective cleaning of ovens, grills, griddles, hot plates etc... Nilco Oven Cleaner is designed for use on horizontal and vertical surfaces.

IMPORTANT INFORMATION:

- Turn off all pilot lights, power sources and potential ignition sources before use!
- Read hazard information and take all appropriate precautions before use!
- Always use rubber gloves and safety glasses when using this product!
- Following contact with skin always rinse and wash skin immediately and thoroughly, and seek medical advice!

DIRECTIONS

- Shake can thoroughly before use.
- Apply Nilco Oven Cleaner to surfaces requiring cleaning, holding the can in an upright position, from a distance of 25-35cm.
- When application is complete, close oven doors and allow to remain in contact for 20 - 60 minutes.
- Remove residues with a wet sponge or cloth, then wash treated surfaces with plenty of warm or cold soapy water.
- Dry surfaces before use.
- Replace cap after use and store in a safe place.

CAUTION:

Do not allow contact with exterior surfaces, vitreous finishes, aluminium or other soft alloys, decorative finishes flooring etc...

Use only under well ventilated conditions.

Pressurised container. Protect from sunlight and do not expose to temperatures exceeding 50°C. Do not pierce or burn, even after use. Do not spray on a naked flame or any incandescent material.
