Cleaning System Code: W4

1. Introduction

A sparingly soluble, long lasting lemon fragranced channel block designed to eliminate malodours in washrooms and toilet areas.

2. Where to use

For use in all types of toilet channels and troughs.

3. Where not to use

In areas where contact may occur with other cleaning chemicals.

4. Physical properties.

Appearance	Solid yellow spheres of nominal weight 40grams
pH	Not applicable
Specific Gravity	1.2 [Nominal]
Viscosity @ 20°C	Solid, crystalline
Active Content % m/m	100
Flammability	This product is combustible, flash point about 65°C
Composition Data, descriptive	Predominantly 1,4-Dichlorobenzene, citrus fragrance and yellow dye.

5. Application Details

Scatter in urinals or troughs where necessary. For best effects, do not use less than one block per cubic meter of the area where the product is required.

6. Availability

Buckets containing approximately 80 blocks, total average pack weight 3.25Kg.
