Cleaning System Code: C2

1. Introduction

A heavy duty aerosolised foam cleaner for cleaning ovens and ancillary equipment.

2. Where to use

On domestic and industrial catering applications including Ovens, Shelves, Grills, Griddles, and Hot Plates, for the removal of burnt-on food spillages, fats, and greases from horizontal, vertical or inverted surfaces.

3. Where not to use

- On appliances that have power sources turned on, pilot lights in use, or in other areas showing potential ignition sources.
- Any exterior surfaces.
- Decorative surfaces
- Surfaces fabricated from aluminium or other soft alloys, plastics of any description, including flooring.
- Painted surfaces.
- Any vitreous finishes.

4. Physical properties.

Appearance	Off-white aerosol mist with a faint fragrance, but an irritating sensation in the nose and throat.
pH	12 – 14 [Base Component]
Specific Gravity	1.01 – 1.05 [Base Component]
Viscosity	400 - 900 cPs [Spindle 4] @ 20°C. [Base Component]
Non Volatiles % m/m	6.0 – 7.0
Active Content % m/m	5.0 – 6.0
Flammability	Extremely Flammable. Flash Point below -20°C
Composition Data, descriptive	Water, hydrocarbon propellant, inorganic alkali, acrylic thickener, anionic surfactant, synthetic fragrance.

5. Application Details

Turn off all appliances, pilot lights, power sources and potential ignition sources before use! Read hazard information on can and take all appropriate precautions during use! Always use rubber gloves and safety glasses when using this product! Always rinse and wash skin immediately and thoroughly following contact. Seek medical advice. Shake can thoroughly before use. Apply product to surfaces, holding can in the upright position, from a distance of 25 – 35cm. When application is complete close the oven door, and allow to remain in contact for 20 – 60 minutes. Remove residues with a wet sponge or cloth, and then wash treated surfaces with plenty of cold or warm soapy water. Dry surfaces before use. Replace cap and store in a safe place.

6. Availability

Available in 500ml Aerosols.
