Cleaning System Code: C8

1. Introduction

A non-fragranced oil-in-water emulsion for light cleaning and polishing of stainless steel surfaces.

2. Where to use

For domestic and industrial applications on stainless steel and other bright, reflective surfaces.

3. Where not to use

- Where overspray onto treated or polished surfaces may cause slippage and potential accidents.
- On food contact areas where overspray or product retention is expected. This product may be used to clean food preparation and storage areas provided that all residues are removed, and it is used in accordance with the instructions provided in section 5.
- For routine use on thermoplastics.

4. Physical properties.

Appearance	Off-white creamy liquid with no significant odour.
pH	7 - 9
Specific Gravity	0.92 – 0.98
Viscosity	Approximately 300 - 600 cPs [Spindle 4] @ 20°C.
Non Volatiles % m/m	10 - 20
Active Content % m/m	10 - 20
Flammability	Non Flammable.
Composition Data, descriptive	Water, white oil, non-ionic emulsifiers, organic base, and preservative.

5. Application Details

Shake container thoroughly, and spray sparingly onto the surface. Spread over the surface with a soft cloth, and buff to a clean, shiny finish.

6. Availability

Available in 1 litre trigger spray packs.
